Quotation No.: 5

To: / Company: محمود - حكيم بلاست

Dear Sir/Madam,
We are pleased to submit our quotation for the following printing machine in accordance with the specifications detailed below :

Machine Details

Machine Type:	Flexo Stack With Ceramic anilox Chamber Doctore Blade
Model:	SH4-1000CC/D
Country of Origin:	China
Number of Colors:	4
Winder:	Double winder
Winder Type :	Central
Machine Width:	100 CM

General Specifications:

1 - Heavy-duty cast iron frame,stable and vibration-resistant
2 - Automatic web tension control units suitable for different material weights, thicknesses, and flexibility, with manual adjustment option
3 - Web guiding (oscillating) units to ensure accurate print centering on the substrate and smooth rewinding of printed material
4 - Rollers and cylinders laser-treated for heavy-duty operation and extended service lif
5 - Automatic machine stop sensors in case of film breakage or material run-out
6 - Printing cylinder pressure applied via hydraulic oil system to avoid pneumatic
7 - Manual horizontal and vertical color registration adjustment during operation
8 - Integrated overhead lifting cranes to facilitate loading and unloading of rolls and
9 - Suitable for solvent-based and water-based inks
10 - Delta (Taiwan) inverters
11 - Safety alarm before machine start-up to prevent injuries
12 - Hot air drying units with extended web path to ensure complete ink drying, in
13 - Power transmission from the main motor to machine components via Belt drive to
14 - Integrated lubrication pumps to ensure balanced oil distribution to all
15 - Separate rewind motors with independent control to allow operation with differant
16 - Air-shaft unwind/rewind cylinders, in addition to one extra mechanical shaft to
17 - Double-sided printing capability

Technical Specifications:

1 -	Model	SH4-1000CC/D
2 -	Number of Colors	4+0, 3+1, 2+2 reverse printing
3 -	Printing Sides	2
4 -	Tension Control Units	4 PCS
5 -	Brake System	4 PCS
6 -	Brake Power	2 pc (10kg) + 2 pc (5kg)
7 -	Web Guiding System (Oscillating Type)	2 pcs
8 -	Maximum Film Width	1050 MM
9 -	Maximum Printing Width	960 MM
10 -	Minimum and Maximum Printing Length	300mm-1300mm
11 -	Maximum Roll Diameter	800 MM
12 -	Anilox Type	Ceramic anilox
13 -	Maximum Machine Speed	120m/min
14 -	Maximum Printing Speed	100m/min
15 -	Dryer Capacity	2.2kw air blower *2 unit
16 -	Power Transmission Method	Belt drive
17 -	Main Motor Power	5 HP
18 -	Video inspection	NO
19 -	PLC	NO
20 -	Slitter	NO

Printing Cylinders:

	Size	Count
1 -	25	4
2 -	30	4
3 -	35	4
4 -	40	4
5 -	45	4
6 -	50	4
7 -	60	4

Financial Offer:

Machine price including printing cylinders: **2,150,000 ج.م.**

The price includes: supply, installation, and warranty
The price does not include: electrical connections, external wiring, cables, circuit breakers, or any connections outside the machine

Payment Terms:

Down payment	40%	**860,000 ج.م.**
Payment before shipping	30%	**645,000 ج.م.**
Payment before delivery	30%	**645,000 ج.م.**

Delivery:

Place of delivery: العاشر من رمضان
Expected delivery time: 26-04-2026

Warranty & After-Sales Service:

The warranty is valid for **12 months against manufacturing defects**, starting from the delivery
Full technical support with spare parts availability upon request

Notes:

This quotation is valid for **15 days** from the quotation date

The price may be adjusted in case of an increase in the USD exchange rate exceeding **EGP 0.50**

Delivery time may be extended in cases of force majeure or international shipping delays

This quotation is indicative and non-binding until the final contract is signed

Yours faithfully,

Helwan Plast LLC
